

COVIDSafe WORKING TOGETHER
to stop the spread

Dear Club Administrators

As we prepare to return to basketball and netball training at Parkdale secondary College in 2021, it is important that you are aware of the new **CovidSafe** procedures that have been put into place. These procedures will become our new normal for the foreseeable future, and will be subject to change if and when restrictions are eased. Parkdale Secondary College and the Mordialloc Community Centre is committed to the health and wellbeing of our community and school members and as such we will be adhering strictly to CovidSafe policies and guidelines around movement of people, social distancing and cleaning / hygiene practices that have been put in place by the Victorian State Government and recommended by the Australian Institute of Sport.

Until further notice the following procedures will apply to all users of the Parkdale Secondary School Community use facilities. Please note that rules may be changed, added to or amended at short notice.

Get In – Train – Get Out Policy

1. There will be a strict **Drop Off and Pick-Up** procedure for all participants.
2. Parents and or Carers **will not be permitted** to come inside the basketball stadium.
3. Congregating of adults inside and outside the basketball stadium is strictly prohibited.
4. All clubs will ensure a strong message is sent to members in regards to anyone being unwell. NO participant, coach or other club representative is allowed to visit the stadium precinct if they have any cold, flu or gastrointestinal symptoms. They must **STAY HOME**, get tested and seek medical advice.
5. Participants are to arrive on time but not early for training sessions. Participants will not be permitted inside the stadium until 5 minutes prior to the start of their training session.
6. A designated drop off and pick up zone will be clearly marked in the carpark. Parents are asked to leave the school carpark promptly after dropping off and to avoid remaining in their cars to wait for children to finish training sessions, this is so we can keep a safe and manageable flow of vehicles moving through the carpark.
7. Individual club representatives (coaches and team managers) will be responsible for ensuring that children are collected from the carpark pick up zone at the end of their training sessions. This is **NOT** the responsibility of the Mordialloc Community Centre Facility Caretaker.
8. All participants, coaches and team managers will be required to sanitize their hands on entry and exit from the stadium. Sanitizing stations will be made readily available throughout the stadium precinct.
9. Participants must come dressed appropriately for their training sessions, change rooms will be locked and not available for use.
10. As per our usual policy balls are not permitted inside the stadium. Anyone found bringing a ball to the stadium will have it confiscated by our Facility Caretaker until the end of their training session.

11. An attendance register must be taken at each training session to include the name and phone number of all participants, coaches and other club representatives. This generic form will be provided by the Mordialloc Community Centre and collected at end of each training session by our Facility Caretaker. This information will be kept securely for 21 days and is a requirement for contact tracing if necessary. A QR code system will also be available in the foyer for signing in by all adults attending the stadium precinct.
12. Training sessions for all clubs will be reduced to 45mins per team or group. You will be provided with a schedule that can be used to allocate your training sessions.
13. A maximum of 20 participants in total per court. The coach and team manager are not counted in the maximum of 20 per court and can be additional.
14. Coaches / Team Managers or a club representative will be responsible for the cleaning and sanitizing of balls and any other equipment at the end of each training session. Materials and equipment required for cleaning will be supplied.
15. The coach / team manager or club representative of the last team to train will be responsible for the final clean and sanitize of club balls and returning them to the ball store area.
16. Lost property will be the responsibility of the clubs and any items remaining after training sessions must be collected by a club representative. Any drink bottles that are left behind will be disposed of daily.

For any further information please contact Jess McKenna, Mordialloc Community Centre Covid Safety Officer. Email recreation@mordicc.org.au or telephone 9580 3675
